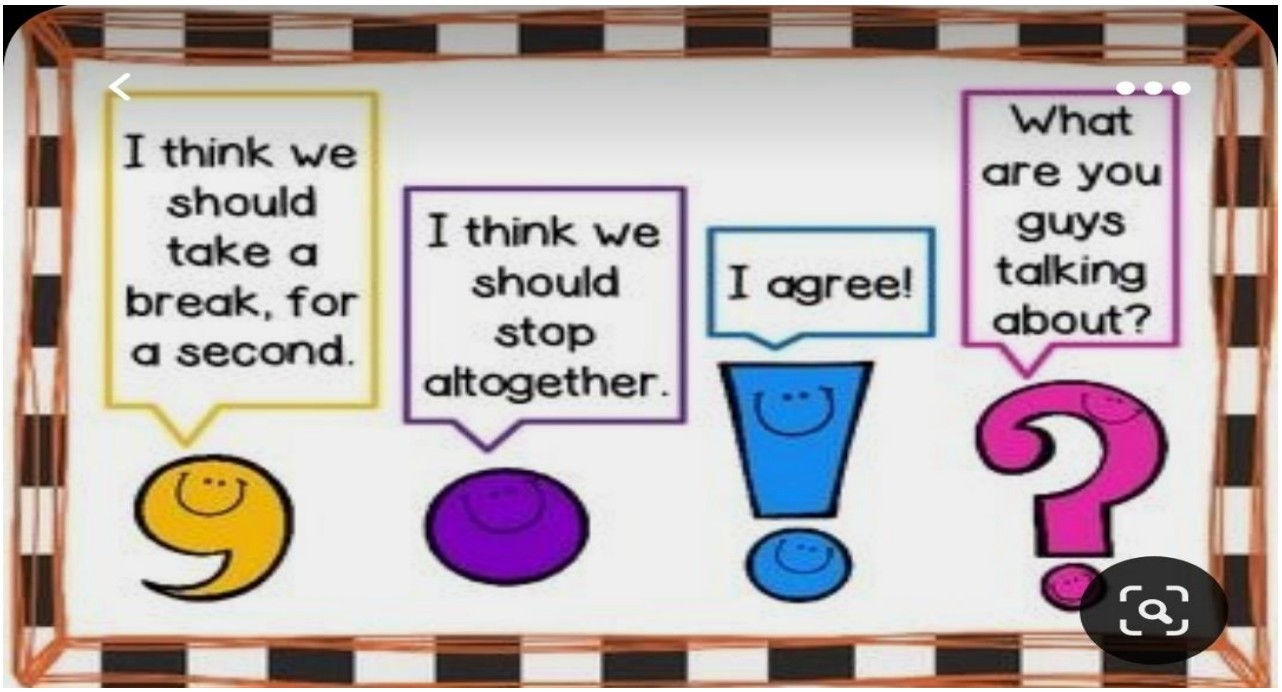
Classroom Activity on Punctuation marks

Dear students, let us do an activity based on punctuation marks in our grammar notebook.



Materials required

Coloured or white sheets, scissors, glue stick, black sketch pen, crayons or colour pencils, pencil, sharpener and eraser.

Method

Take seven different coloured sheets. On each sheet, draw each of the punctuation mark, that is **period, question mark, exclamation mark, colon, comma, apostrophe** and **quotation marks**. Each of these marks should be of different colour. Cut each one of them and paste them in your grammar notebook. For each punctuation mark, write their usage above (as shown in the above picture).
