Subject:EVS  
Topic:Importance  
of plants.

✓ Plants are very important for us.They give us oxygen and keeps the air fresh and clean.

✓ Plants are home to many animals, insects and birds.

✓ Plants give us food and other useful things.

<p><u>Roots</u> carrots radishes turnips</p>	<p><u>Stems</u> celery broccoli</p>	<p><u>Leaves</u> lettuce</p>
<p><u>Fruits</u> tomatoes peppers apples cucumbers</p>	<p><u>Seeds</u> peas peanuts</p>	

✓Plants give us Spices.

✓Plants give us wood from which we can make furniture.

**We make furniture from wood**

**Wood**

**Furniture**

✓We also get paper and glue from plants.

- ✓ Seeds of some plants provide us with almonds, groundnut, rice, wheat, etc.
- ✓ Many medicines are made from plants and these plants are called medicinal plants. .

- ✓ We also get many things from plants like Rubber, perfume etc
