

"English Fiesta"

"Language is to mind more than light is to the eyes"- William Gibson

"The English language is the accretion and growth of every dialect, race and range of time, and is both the free and compacted composition of all".

As global communication expands throughout the world so does the need for a global language to serve this purpose. It plays a great role in our daily life developing essential skills. The use of English language is very important among school children. English Week is an opportunity for the children to enhance their speaking, reading, writing, and listening skills which are the four important skills pupils need to master. Children must practice it not only during school hours but also in every conversation regardless of place and time. We at GD Goenka Public School believe that consistent use of English language will inculcate the essential skills needed in children at their tender age. In this regard, we are celebrating **"English Week"** from **April 27, 2022 to May 6, 2022**, during which children from across the grades will participate in an array of enthralling activities designed to enhance English Language proficiency.

The Week-long celebration is also focused on encouraging the students to appreciate the value of English Language. How fun it is! It will provide good training ground for developing communication skills, deepening children's understanding of English language and making it part of their everyday life.

Grade wise activities for the English Week will be shared with the students through the respective grade coordinators.

Regards

Coordinator English

Note: Grade wise activities during English Week will be conducted in the respective grades, best presentation for each category will be presented on the culmination day "6th May, 2022".
