## Aspect: Essay Writing Competition

Grade-6

**Writing is not a competition, or a fear. Writing is an art, a passion, a love.**

**Educating the mind without educating the heart is no education at all. Essay competition is an art of reporting and describing about a topic. It not only requires special skills like storytelling, but also presentation of the story. An essay is a piece of writing which is set around a specific topic or subject. This piece of writing not only gives information surrounding the topic but also displays the opinions and thoughts of the author. It is an effective way of inculcating writing skills among students**
