# AUGUST-THE MONTH OF FREEDOM

"May we think of freedom not as **the right to do as we please but as the opportunity to do what is right**." Peter Marshall.

# **Exploring nature in the arms of nature !**

Grade 7 & 8 had a walk in the Kawoosa Bagh to explore different varieties of plants around. Children collected different types of leaves, flowers for their Herbarium. Children also got to see a variety of fruits and also had a naming activity wherein they labeled some dominant varieties of plants and trees.

## AUGUST-THE MONTH OF FREEDOM

"May we think of freedom not as the right to do as we please but as the opportunity to do what is right."

Peter Marshall.

# WATER SPLASH DAY

Water splash day was celebrated by Nursery and LKG kids on Wednesday, 17th August 22 as a fun activity to invigorate little minds & bodies. Children had come in Tshirts & shorts and were all set to play different water games. They enjoyed Rain dancing, Umbrella shield, water fight and other games.

Apart from being fun, Water play helps children to grow and develop in different essential areas like balance and strength, coordination, communication skills, exploration and learning etc.

### **WORLD PHOTOGRAPHY DAY**

**PHOTOGRAPHY COMPETITION -2022** "Photography takes an instant out of time, altering life by holding it still." **Dorothea Lange World Photography** Day is more than just a day; it is a constant soft touch of the eye, a burst of light, and a moment in our lives that is forever captured. Photography has grown into a medium that binds us all, and it has become an integral part of our lives. As the adage goes," a picture is worth a thousand words", the act of creating long-lasting photographs by recording light, actually creates memories and records life, which we treasure throughout our lives

# **Fireless cooking Event**

Nursery and LKG department organized an activity "Fireless cooking" on Tuesday, 30.08.22. Students were taught to prepare easy fireless recipes and were encouraged to make same at home under adult supervision. They learned the name of different ingredients and simple precooking processes like chopping, mixing, grating etc. that helped in language building skills. Counting & measuring of ingredients helped in developing some early math skills too.

Students had also brought some fireless cooked dishes from home which they enjoyed with their friends as a snack meal.
