MARCH- The Blooming Month

“Happiness held is the seed; Happiness shared is the flower.”

– John Harrigan

Organizing is a practice of leadership whereby we define leadership as enabling others to achieve shared purpose under conditions of uncertainty.

The grand assembly was held at G D Goenka to welcome the students after winter break. Teachers were in full swing to welcome their students.

Grand Assembly

This special assembly meant to display the love and importance of students being at school.

The school wanted this day to instil in children possibilities to unleash themselves and also take the path of their calling which is only possible through proper education and holistic development.

Teacher training program was held by the Principal of G.D Goenka Public School, Mr. P.J Johnson on 13-03-2023 in the training hall.

It was aimed to gear up teachers with renewed confidence and to acquaint them with the maxims of teaching . The teachers learned about proper class management, lesson planning and also about how their objectives are met whilst in class.

In an age where children find it hard to sit still without an electronic gadget in hand , painting pebbles is a a wonderful activity.

GD Goenka organised a pebble art festival on 11-March-2023 to pave a way to children to keep them engaged and to lessen their stress level . Children painted pebbles to look like people , fish , butterflies , birds etc. Gluing bits of fabric or paper to pebbles took the mission far beyond expected . This activity proved to be family orientated and motivational in terms of developing the creativity of children across the grades.
